B.C. FEDERATION OF DRIFT FISHERS BANQUET

For many years the BCFDF has presented a first class banquet enjoyed by many & greatly supported by the fishing community. As most can appreciate the logistics of planning & presenting an event of this size are considerable & extremely time demanding. The burden has unfortunately fallen on a very small group who are experiencing burn out. As new people have not stepped forward to take over we will be making changes.

There will not be a banquet this November. We will be replacing with a Spring event commencing 2019. This revised fund raiser will be similar to past banquets wth raffles & auctions of items kindly donated by our many supporters. Be assured we will continue to provide an enjoyable evening for our loyal group of attendees who have supported the BCFDF for many years.

We appreciate your understanding & we will be providing details of date & location in the near future.
