Subject: Motion to South Coast

"Whereas the Fraser River fishery has seen considerable concern from all sectors regarding species allocation and orderly and equitable openings for salmon"

"Therefore be it resolved that discussions commence between the sectors, DFO and the Province toward formulation of a Fraser River Round Table"

It is suggested that the Fraser River Peacemakers in coordination with the local SFAC's be flagged as a possible venue to initiate discussions.

Submitted by B.C. Federation of Drift Fishers

Subject: motion for South Coast from BCFDF

"Whereas the Thompson/Chilcotin steelhead stocks are at point of "Extreme Conservation Concern" and currently under consideration for a "Species At Risk" (SARA) listing"

"Therefore be it resolved that all sectors in the Fraser River be restricted to truly selective fishing methods during migration of these stocks"
